**SALISBURY/WICOMICO METROPOLITAN PLANNING ORGANIZATION
UNIFIED PLANNING WORK PROGRAM FY 2018**

I. INTRODUCTION

As a result of the 2000 U.S. Census, the Salisbury area was classified as an Urbanized Area (UA), and in accordance with the U.S. Department of Transportation requirements a Metropolitan Planning Organization was designated by Maryland Governor Robert L. Ehrlich on February 19, 2004. The initial UA of the Salisbury/Wicomico Metropolitan Planning Organization (S/WMPO) included the City of Salisbury, the City of Fruitland, the Towns of Delmar (Md. & De.), and the adjacent unincorporated areas of Wicomico County, Md., and Sussex County, De.

According to the U.S. Census Bureau 2010 Decennial Census, the population of the Urbanized Area was 98,081 with 73,493 persons residing in Maryland (74.9%) and approximately 24,588 persons residing in Delaware (25.1%). This represents an increase of 38,655 persons between the 2000 and 2010 Census, which the majority of the population increase occurred in the expanded portion of the UA in Delaware. In response to the population increase and changes to the delineation criteria of an UA between the 2000 and 2010 Decennial Census, the size of the UA expanded from approximately 43 sq. miles to 73 sq. miles. In addition, a Planning Study Area boundary, which includes the UA, is a larger area encompassing anticipated growth areas of the member jurisdictions over the next 20 years.

The 2010 UA for the S/WMPO region includes the City of Salisbury, City of Fruitland, Town of Delmar, MD, Town of Hebron, and portions of Wicomico and Somerset counties in Maryland. The Delaware portion consists of Town of Delmar, Town of Laurel, Town of Blades, City of Seaford, and part of unincorporated Sussex County, DE. The Metropolitan Planning Area boundary includes the aforementioned jurisdictions, as well as expanded portions of Wicomico County, Maryland, and Sussex County, Delaware.

Since the 1960's the federal government has established urban transportation planning requirements in all metropolitan areas, as a prerequisite to the approval of federal funding (23 CFR Part 450 and 49 CFR Part 613). The regulations require a continuing, comprehensive, and cooperative (3-C) planning process in all urbanized areas. In accordance with federal regulations, the S/WMPO is the planning agency responsible for regional transportation planning activities within the UA.

In 1991, the Intermodal Surface Transportation Efficiency Act (ISTEA) was passed. This Act revised some of the established regulations and procedures and placed a new emphasis on Metropolitan Planning Organizations. As part of this Act, the

MPO planning process has been more specifically defined and new planning requirements have been prescribed.

In 1998, the Transportation Equity Act for the 21st Century (TEA-21) was passed continuing the initiatives of the 1991 Act and adding several new provisions and programs.

In 2005, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) was passed, building on the foundation established by ISTEA and TEA-21 and representing the largest surface transportation investment in the Nation's history. SAFETEA-LU expired in 2009 and after a series of Continuing Resolutions, Moving Ahead for Progress in the 21st Century (MAP-21) was signed into law by President Barack Obama in July 2012.

MAP-21 is a two-year bill that seeks to build on and refine many of the highway, transit, bike and pedestrian programs and policies established by ISTEA in 1991. MAP-21 seeks to focus the federal aid program on the following national goals:

1. Safety;
2. Infrastructure;
3. Congestion Reduction;
4. System Reliability;
5. Freight Movement and Economic Vitality;
6. Environmental Sustainability; and
7. Reduced Project Delivery Dates.

On December 4, 2015, President Obama signed into law Fixing America's Surface Transportation Act (FAST Act). The FAST Act provides funding certainty for infrastructure planning and capital programming over a five-year timeframe extending from FY 2016 through FY 2020. Overall, the FAST Act maintains current program structures and funding shared between highways and transit. Also, the law makes changes and reforms to many Federal transportation programs, including, streamlining the review and approval processes for new transportation projects, providing new safety tools, and establishing new programs to advance critical freight projects.

This Unified Planning Work Program (UPWP) is a cooperative planning effort by federal, state, and local transportation agencies serving the Salisbury/Wicomico MPO Area, and functions as the annual work program for the S/WMPO. The purpose of the UPWP is to describe and coordinate all transportation planning activities to be completed with federal, state, and local resources during a fiscal year, and is designed to make the transportation planning process consistent with the appropriate federal regulations. Included in the UPWP is a budget detailing how each fund source will be utilized. The UPWP is reviewed, revised, and

adopted annually.

II. UNITED STATES DEPARTMENT OF TRANSPORTATION (USDOT) – PLANNING EMPHASIS AREAS

In response to Moving Ahead for Progress in the 21st Century (MAP-21), the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) jointly issued Planning Emphasis Areas (PEAs). The PEAs represent core topical areas for MPOs and state Department of Transportation (DOTs) to emphasize in the development and implementation of their unified planning work programs. The PEAs for Federal FY 2017 include the following:

- A. MAP-21 Implementation – Transition to performance based planning and programming.
- B. Models of Regional Planning Cooperation – Promote cooperation and coordination across MPO boundaries and across state boundaries where appropriate to ensure a regional approach to transportation planning.
- C. Ladders of Opportunity – Access to essential services – as part of the transportation planning process, identify transportation connectivity gaps in access to essential services.

In accordance with the expectations associated with PEAs, the S/WMPOs FY 2017 Unified Planning Work Program addresses the topical areas as follows:

A. MAP-21 Implementation - The Organization's FY 2017 UPWP acknowledges the transition to performance based planning and programming as part of the on-going training activities included in the MPO Administration work program. Additionally, the Long Range Transportation Plan work program references this approach as a major component of the update, which the LRTP update was approved by the Council on November 24, 2015, with federal concurrence on January 7, 2016.

B. Models of Regional Planning Cooperation - The S/WMPO is a multi-state, multi-county, and multi-local jurisdiction entity providing regional transportation planning services. To demonstrate the Organization's commitment of continuing to enhance our interjurisdictional coordination efforts, the FY 2017 UPWP allocates funding for projects of regional planning significance, including, but not limited to LRTP update, corridor studies, Scenic Byways Planning Initiative, freight studies, transit planning, and pedestrian and cyclist initiatives.

Other on-going efforts demonstrating regional planning cooperation include:

- Participate with WILMAPCO, DoverKent MPO, MDOT, DelDOT, VDOT, as well as local and county governments to conduct planning studies to better understand

existing and future demands of the regional transportation network;

- Member of the Association of Metropolitan Planning Organization's Policy Board;
- Member of Shore Transit Advisory Board;
- Coordinate with state and local governments in the development and maintenance a regional GIS database system.

C. Ladders of Opportunity - Over the past eight fiscal years, the Organization has funded several ridership and routing analysis studies for the purpose of optimizing transit operations (both fixed and origin-to-destination), as well as improving connectivity to essential services. During FY 17, funding has been allocated to retain professional consulting services to conduct and present an Origin – to – Destination Improvement Study for Shore Transit operations. Additionally, the Organization will continue to identify and evaluate potential opportunities to partner with Shore Transit, DART Delaware Transit Corporation, DelDOT, Sussex County, Delaware, and the Dover-Kent MPO to prepare a feasibility study to establish a one-window fixed route between Salisbury, Maryland, and Dover, Delaware.

III. ORGANIZATION AND MANAGEMENT

A. Metropolitan Planning Organization

The S/WMPPO was designated by Maryland Governor Robert L. Ehrlich on February 19, 2004, and is the primary agency responsible for transportation planning within the MPO's Planning Area.

At the time of this publication, the primary governing body of the S/WMPPO is the Council, which consists of 12 voting members. The voting members consist of representatives from the following governments and agencies:

Maryland

Maryland Department of Transportation (1 position);
Wicomico County (3 positions);
City of Salisbury (2 positions);
City of Fruitland (1 position);
Town of Delmar, MD (1 position); and
Tri-County Council of the Lower Eastern Shore of MD (1 position).

Delaware

Delaware Department of Transportation (1 position);
Sussex County (1 position); and
City of Seaford (1 position).

On November 24, 2015, the S/WMPO amended their Prospectus and Bylaws to increase representation of local governments and entities located in the Delaware portion of the 2010 UA for the S/WMPO.

B. Technical Advisory Committee (TAC)

The S/WMPO Council has established a Technical Advisory Committee (TAC) comprised of technical representatives such as planners and engineers. The TAC provides technical expertise and develops recommendations to assist the Council by reviewing and recommending revisions to the planning process, data collection, forecasts, the Long Range Transportation Plan, the Transportation Improvement Program, and the UPWP. The current TAC voting membership includes representation from the various member jurisdictions, as well as from transportation organizations and relevant state agencies. The TAC can include representation from all modes of surface transportation and various levels of government, which provides the opportunity to achieve a unified transportation planning effort.

C. MPO Staff

The S/WMPO is staffed by personnel from the Salisbury-Wicomico County Department of Planning, Zoning and Community Development. The S/WMPO Administrator manages the daily operations of the Organization and coordinates regional transportation planning projects and activities identified by the Council. The S/WMPO Administrator serves as a liaison to local, state, and federal agencies involved in regional transportation planning activities within the S/WMPO Metropolitan Planning Area.

D. Organizational Procedures and Bylaws

The S/WMPO operates under an adopted set of Bylaws. Wicomico County provides support services to the Organization, including legal, financial and procurement services, and staff performing these services operates under the rules and procedures of the County and the State of Maryland. The S/WMPO's official records are maintained in the Salisbury-Wicomico Department of Planning, Zoning, and Community Development's offices in Room 203 of the Government Office Building, 125 N. North Division Street, Salisbury, MD, 21803. The records are available for public inspection during normal business hours, Monday through Friday, 8:00 A.M. to 5:00 P.M.

**SALISBURY/WICOMICO METROPOLITAN PLANNING ORGANIZATION
UNIFIED PLANNING WORK PROGRAM FY 2018**

A. Core Planning

1. TRANSPORTATION IMPROVEMENT PROGRAM

Objectives: To develop the Salisbury/Wicomico Metropolitan Planning Organization Transportation Improvement Program (TIP) for FY 2018 – FY 2021 as specified by the federal urban transportation planning requirements and consistent with state CTPs.

Previous Work: FY 2017 – FY 2020; FY 2016 – FY 2019; FY 2014 – FY 2017; FY 2013 – FY 2016; FY 2012 – FY 2015; FY 2011 – FY 2014; FY2010 – FY2013 TIP; FY 2009 – FY 2012 TIP; FY 2008 - FY 2011 TIP; FY 2007 - FY 2009 TIP.

Methodology: Compile a comprehensive list of federally funded and regionally significant transportation improvements recommended for implementation during the 4-year program period. The document will represent the region’s transportation priorities and include realistic financially constrained cost estimates.

End Product: FY 2018 – FY 2021 Salisbury/Wicomico Metropolitan Planning Organization Transportation Improvement Program, as well as amendments and administrative modifications to the FY 2017 – FY 2020 TIP.

Staffing: S/WMPO.

Funding: Funding for this task totals \$6,000, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$1,350 | \$1,350 |
| FTA | \$1,050 | \$1,050 |
| DOT | \$300 | \$300 |
| Local | \$300 | \$300 |
| TOTAL | \$3,000 | \$3,000 |

Completion Date: Draft / Adoption – December 2017
Amendments and Administrative Modifications –
as needed basis

2. UNIFIED PLANNING WORK PROGRAM

Objectives: To develop and, when necessary, amend the Salisbury/Wicomico Metropolitan Planning Organization’s UPWP, FY 2019 or previous fiscal years, as specified by the federal urban transportation planning requirements.

Previous Work: FY 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, and 2018 UPWPs.

Methodology: This sub-task will be performed by the S/WMPO with assistance from the Technical Advisory Committee, S/WMPO Council, MDOT, MTA, DelDOT, DTC, FHWA, and FTA. Specific tasks to be funded in FY 2018 will be identified by Staff, TAC, Council and transportation planning activities undertaken during previous years, as well as recommendations contained in L RTPs and locally adopted comprehensive plans.

End Products: Approved FY 2018 UPWP and amendments to previous years UPWP’s.

Staffing: S/WMPO.

Funding: Funding for this task totals \$4,000, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$1,100 | \$1,100 |
| FTA | \$500 | \$500 |
| DOT | \$200 | \$200 |
| Local | \$200 | \$200 |
| TOTAL | \$2,000 | \$2,000 |

Completion Date: Draft / Adoption – April / May or June 2018
Amendments – as needed

3. LONG RANGE TRANSPORTATION PLAN

Objective: The S/WMPO adopted their LRTP in November 2015, and is required by federal regulations to update the Plan on a four-year cycle. To meet this schedule, the Plan will be reviewed, revised, and adopted prior to November 24, 2019 (FY 2020).

Previous Work: Adopted LRTP in FY 2007, FY 2011, and FY 2015.

Methodology: In anticipation of the 2019 update of the Organization's LRTP, S/WMPO Staff will compile essential background information, conduct research about emerging trends, and analyze transportation and development activity to identify potential impacts to the regional transportation network. Pertinent data to be compiled and analyzed includes: previous and on-going transportation planning studies and reports prepared for the S/WMPO; Capital Improvement Programs and Budgets of member jurisdictions; improvements since the last update; Transearch freight analysis data (movements and modes); Census data; waterborne freight commodities data; Shore Transit's Annual Transportation Plan; State and Federal Surface Transportation Plans; and locally-adopted comprehensive plans.

Consistent with expectations of MAP-21, a major component of this Plan update will include the development of a framework for performance based planning and programming goals and objectives to achieve desired and measurable transportation system performance outcomes.

The S/WMPO Administrator will be extensively involved with other aspects of the update including, but not limited to, the following: organizing public participation and outreach efforts; managing the project team and schedule; identifying and compiling relevant resource data; coordinating Plan review and adoption process with the Technical Advisory Committee, S/WMPO Council, FHWA, FTA, MDOT, MTA, DelDOT, and DTC to ensure the Plan is

in conformance with applicable state and federal regulations, as well as consistent with local plans, policies, and programs.

The S/WMPO's adopted Public Participation Plan will be followed to ensure and encourage public participation.

End Product: 2019 Salisbury-Wicomico Metropolitan Planning Organization's Long Range Transportation Plan.

Staffing: S/WMPO and consultants.

Funding: Funding for this task totals \$79,472, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$33,074 | \$12,800 |
| FTA | \$14,504 | \$3,200 |
| DOT | \$5,947 | \$2,000 |
| Local | \$5,947 | \$2,000 |
| TOTAL | \$59,472 | \$20,000 |

MDOT funded the 2007, 2011, and 2015 Long Range Transportation Plan (consultant's fee). The S/WMPO funded data development (Traffic Analysis Zones and Trip Generation analysis), as well as public outreach efforts. As the result in a change of MDOT policy, the 2019 LRTP will be funded via PL, 5307, State, and local contributions allocated to a UPWP(s).

Completion Date: Draft – June 2019
Adoption – Prior to August 2019

4. TRANSPORTATION DEVELOPMENT PLAN

Objectives: To ensure the Transportation Development Plan (TDP) prepared by the Shore Transit is consistent with the S/WMPO LRTP.

Previous Work: Shore Transit has prepared and adopted previous versions of the TDP. The S/WMPO has an adopted LRTP containing a multi-modal Transportation

element, which includes a narrative about transportation services provided by Shore Transit.

Methodology: The S/WMPO annually reviews the TDP to ensure consistency with the LRTP. This will include, when necessary, discussions amongst S/WMPO staff, MTA, and Shore Transit.

End Products: Consistency between the LRTP and Shore Transit's TDP.

Staffing: S/WMPO.

Funding: Funding for this task totals \$600, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$330 | \$0 |
| FTA | \$150 | \$0 |
| DOT | \$60 | \$0 |
| Local | \$60 | \$0 |
| TOTAL | \$600 | \$0 |

Completion Date: Ongoing

B. MPO Administration

Objectives: Significant organizational and regional transportation planning activities have been completed since the establishment of the S/WMPO in 2004. These activities include the establishment of a Council and Technical Advisory Committee, and the development and adoption of governing documents, including, but not limited to the following: Memorandum of Understanding and Master Agreement; Prospectus and Bylaws; and establishing the S/WMPO Metropolitan Planning Area boundary. Also, this task includes administrative responsibilities associated with the daily operations of staffing the S/WMPO and its regional planning activities and functions.

In addition to these daily operations, during FY 2019 the following on-going activities are anticipated:

- Staff training – Salisbury-Wicomico County Department of Planning, Zoning and Community Development staff will continue to receive training on the federally prescribed Metropolitan Transportation Planning Process. This item is timely given the enactment of Performance Measures associated with the passage of the Moving Ahead for Progress in the 21st Century (MAP-21). This training will include opportunities offered through membership, participation, and attendance of conferences and training activities of the Association of Metropolitan Planning Organizations (AMPO).
- Air Quality Conformity Coordination – S/WMPO Staff will coordinate air quality conformity activities with the Delaware Department of Transportation to monitor the conformity status of Sussex County, Delaware. DeIDOT is responsible for compliance with federal air quality conformity planning requirements for the nonattainment area of the UA within Sussex County, De.
- Review and Revision of Governing and Planning Documents – S/WMPO Staff will conduct an ongoing review and, if necessary, recommend revisions of existing organizational documents, including, but not limited to the Bylaws and Prospectus, and Public Participation Plan.
- Data Collection – S/WMPO Staff will coordinate the collection and storage of traffic studies prepared by developers during the submission and review of various development projects proposed within the S/WMPO Metropolitan Planning Area (MPA) boundary. Also, where applicable, the S/WMPO will maintain data pertaining to traffic counts on roadways within the MPA that have been compiled by the various member jurisdictions.
- Manage the S/WMPO, which includes the daily activities needing to be performed to keep the

S/WMPO operational. These activities, include, but are not limited to the following:

- Manage the daily operations of the S/WMPO;
- Contract administration between the S/WMPO and other entities and vendors;
- S/WMPO accounting and financial requirements;
- Continued maintenance of the S/WMPO invoice tracking database;
- Prepare quarterly reimbursement requests and progress reports;
- Staff and support of the S/WMPO Technical Advisory Committee and the Council;
- Represent the S/WMPO at transportation related meetings, presentations, team planning initiatives, and conferences; and
- Attend training, conferences, and seminars to ensure the S/WMPO staff are knowledgeable about applicable federal and state regulations and performance measures consistent with MAP 21 and the FAST Act.

Methodology:

These sub-tasks will be performed by the S/WMPO, MDOT, and DeIDOT. The developmental work will be consistent with federal Metropolitan Planning Organization Guidelines.

End Products:

- Training of S/WMPO Staff.
- Input of S/WMPO Staff and coordination with DeIDOT about the air quality conformity status.
- Current adopted documents, to include the Prospectus and Bylaws, and Public Participation Plan.
- A tabulation of relevant traffic studies and data within the S/WMPO MPA.
- S/WMPO Invoice tracking database to streamline internal review and processing of invoices and prepare reimbursements.

Staffing: S/WMPO.

Funding: Funding for this task totals \$52,000, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$23,100 | \$6,400 |
| FTA | \$10,500 | \$1,600 |
| DOT | \$4,200 | \$1,000 |
| Local | \$4,200 | \$1,000 |
| TOTAL | \$42,000 | \$10,000 |

Completion Date: Ongoing

C. Public Participation Process

Objective: Activities will be undertaken to increase public participation in the S/WMPO's transportation planning process.

Previous Work: A dedicated Website for the S/WMPO was completed in FY 2008 and is maintained to include all organizational documents, including, but not limited to LRTP, TIP, UPWP, Request for Proposals, TAC and Council meeting agenda and minutes, traffic studies and reports, and links to supporting organizations and agencies.

The Organization adopted a Public Participation Plan in FY 2008, which was amended in 2012.

Methodology: Implementation efforts will continue to maintain and, when necessary, update the Public Participation Plan and the Organization's website through regular review and comparison with those developed for other MPO's, as well as modifications to any officially adopted document(s).

End Product: A current and updated Public Participation Plan; a new S/WMPO website with links to member jurisdictions and organizations; advertise upcoming TAC and MPO Council meeting dates, agendas, and materials; advertise Request For Proposals; and provide a public portal to review existing plans,

publications, and work program items (TIP, UPWP, and the LRTP).

Staffing: S/WMPO, website consultant, and advertising vendors.

Funding: Funding for this task totals \$5,000, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$1,425 | \$1,425 |
| FTA | \$575 | \$575 |
| DOT | \$250 | \$250 |
| Local | \$250 | \$250 |
| TOTAL | \$2,500 | \$2,500 |

Completion Date: Ongoing

D. Special Studies & Work Program Items

1. *GEOGRAPHICAL INFORMATION SYSTEMS – ONGOING ENHANCEMENTS*

Objective: The County Planning Department has previously initiated work on the development of a Geographic Information System, which is an ongoing coordinated effort between the S/WMPO, MDOT, and DeIDOT. This task will support this effort and develop and utilize data for transportation and land use planning.

Previous Work: Work on an Enterprise GIS system has been initiated and was utilized extensively during the preparation of a majority of special studies completed to date. Computer hardware and software have been obtained and data collection and network coding have been accomplished, with data updates ongoing. Major accomplishments of the GIS Enhancement efforts of the County include: the development of a vector-based parcel layer; creation of geodatabases; and the acquisition of orthophotography.

Methodology: Work is continuing on the development and enhancement of comprehensive multi-jurisdictional

GIS. The GIS is used to produce mapping and data for many purposes including: transportation/transit planning; macro-level demand and growth forecasting/modeling; Emergency 911 planning; project impact analysis; comprehensive road inventory and mapping; and ongoing update of land use files and development capacity analysis.

End Product: The GIS database developed from this task will support ongoing transportation planning functions related to mapping and inventory of roadway network infrastructure, and will also assist in the development and completion of the LRTP, and to support Corridor and Traffic Management Studies (both motorized and non-motorized).

Staffing: S/WMPO and consultants.

Funding: Funding for this task totals \$11,000, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$6,050 | \$0 |
| FTA | \$2,750 | \$0 |
| DOT | \$1,100 | \$0 |
| Local | \$1,100 | \$0 |
| TOTAL | \$11,000 | \$0 |

Completion Date: Ongoing

2. CORRIDOR PLANNING

Objective: To conduct planning-level corridor studies, as well as intersection safety and traffic signal warrant analysis to understand current and future conditions of operational and safety aspects of the road network within the Metropolitan Planning Area.

Previous Work: The S/WMPO has prepared the following corridor studies:

- Pemberton Drive Corridor Study;
- East Side Corridor Study;
- Riverside Drive Corridor Study;

- U.S. 13 / Bi-State Blvd. / Foskey Lane Corridor Study;
- U.S. 13 North / Naylor Mill Road Corridor Study; and
- Eastern Shore Drive Corridor Study.

Methodology: The scope of work will be developed by the S/WMPO Staff and members of the Technical Advisory Committee. Professional consulting services will be obtained to conduct and present the findings of project(s).

End Product: Contingent upon available funding, the anticipated deliverables for this task will include a Final Report, which may contain the following: current and future traffic conditions at identified intersections; short, mid, and long-term solutions to improve conditions for motorists, pedestrians, and cyclists along the major thoroughfares; planning-level cost estimates for each proposed recommendation; renderings of major recommended improvements; alternatives to improve intersection(s); and traffic signal warrant analysis.

Staffing: S/WMPO and selected consultant(s).

Funding: Funding for this task totals \$8,000, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$4,400 | \$0 |
| FTA | \$2,000 | \$0 |
| DOT | \$800 | \$0 |
| Local | \$800 | \$0 |
| TOTAL | \$8,000 | \$0 |

Completion Date: Ongoing

3. **TRANSIT PLANNING**

Objective: Consistent with the purpose of the Planning Emphasis Areas – Ladders of Opportunity, funding is allocated to assist Shore Transit with planning activities designed to reduce gaps in access to

essential services including housing, employment, health care, academic institutions, recreation, and other major activity generators. Funding during this fiscal year will be used to retain professional planning services to prepare and present an Origin – to – Destination Improvement study.

Previous Work:

Since FY 2010, the S/WMPO has conducted several transportation and transit studies to assist Shore Transit with their operations. In FY 2011, the Shore Transit Traffic Impact Study was completed. The purpose of this Study was to assist in determining the potential impact(s) to ridership and bus routes based on the relocation of Shore Transit’s operations and primary point of transfer to a facility at the intersection of U.S. Route 50 Westbound and Walston Switch Road. Moreover, the S/W MPO funded a Routing Analysis for Shore Transit routes based on the relocation. In 2012, the Organization funded the Shore Transit Ridership Study to assist Shore Transit with collecting and reporting ridership data to the National Transit Database (NTD). In 2017, the S/WMPO funded an Origin to Destination Study for Shore Transit.

Methodology:

The scope of work will be developed by the S/WMPO Staff and Shore Transit. Professional services will be obtained.

End Product:

To be determined.

Staffing:

S/WMPO and selected consultant(s).

Funding:

Funding for this task totals \$7,500, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|----------------------|------------------------|------------------------|
| FHWA | \$4,125 | \$0 |
| FTA | \$1,875 | \$0 |
| DOT | \$750 | \$0 |
| Local | \$750 | \$0 |
| TOTAL | \$7,500 | \$0 |

Completion Date:

To be determined

4. SCENIC BYWAYS PLANNING INITIATIVE

Objective: The Scenic Byways Planning Initiative will provide heritage planning services and coordination amongst the Lower Eastern Shore Heritage Council, Maryland State Highway Administration's Recreational Trails Coordinator, and the Maryland Heritage Areas Authority for the following activities:

- a. Routing of two-revised byways (Cape to Cape and Chesapeake County);
- b. Signage designs for direction, wayfinding, and confirmation;
- c. Coordination with federal, state, and local governments to establish pedestrian and cyclist improvements along public roads, as well as waterway access points;
- d. On-going support for web based and mobile Scenic Byways interactive mapping applications; and
- e. Public education and community outreach.

Previous Work: Since FY 2014, the S/WMPO has allocated funding to Scenic Byways Planning Initiative.

Methodology: Continuation of on-going Scenic Byways Planning efforts.

End Product: Presentations at S/WMPO TAC and Council meetings regarding the progress, recommended alternatives, and coordination efforts associated with Scenic Byways planning activities within the Tri-County area (Somerset, Wicomico and Worcester counties). Additional deliverables include continued support and maintenance of the Scenic Byways Planning Initiative web and mobile application used to identify heritage and cultural resources in the Tri-County region, community outreach and education, attendance at annual State Scenic Byways conference, development of Scenic Byways related GIS data, coordination with the Maryland Department of Transportation and the Maryland Heritage Areas Authority.

Staffing: S/WMPO and the Lower Eastern Shore Heritage

Council.

Funding: Funding for this task totals \$10,000, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$5,500 | \$0 |
| FTA | \$2,500 | \$0 |
| DOT | \$1,000 | \$0 |
| Local | \$1,000 | \$0 |
| TOTAL | \$10,000 | \$0 |

Completion Date: Ongoing

5. FREIGHT PLANNING

Objective: Continue to conduct freight planning activities with the Delmarva Water Transport Committee; federal, state, and local agencies; and stakeholders to ensure the safe and efficient movement of goods and services on the regional transportation network. In addition, maintain and establish partnerships with freight related organizations and private entities.

Previous Work: The S/WMPO has partnered with MDOT, DelDOT, and VDOT to prepare the Delmarva Freight Plan. Also, a localized freight plan was prepared for the S/WMPO area in 2012.

Methodology: The scope of work will be developed by the S/WMPO Staff and members of the Technical Advisory Committee. Delmarva Water Transport Committee will be obtained to conduct and present the findings of the project(s).

End Product: To be determined.

Staffing: S/WMPO and Delmarva Water Transport Committee.

Funding: Funding for this task totals \$5,000, as listed below by source:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$1,375 | \$1,375 |
| FTA | \$625 | \$620 |
| DOT | \$250 | \$250 |
| Local | \$250 | \$250 |
| TOTAL | \$2,500 | \$2,500 |

Completion Date: Ongoing.

6. TRANSPORTATION PLANNING STUDIES (DE)

Objective: As a result of the expansion of the S/WMPO's Urbanized Area into Delaware, Federal Planning Funds and the State of Delaware's match (State and local) are available in FY 2019 for programming to retain professional planning services to conduct transportation related planning studies, reports, and data compilation. The S/WMPO TAC will identify potential projects for consideration.

Previous Work: The S/WMPO has prepared corridor plans, freight studies, bike and pedestrian plans and studies, and transit plans.

Methodology: Input and scope of work will be provided by the S/WMPO and members of the Technical Advisory Committee.

End Product: To be determined.

Staffing: S/WMPO and selected consultant(s).

Funding: Funding for this task totals \$9,611, as listed below by source and state:

| <u>SOURCE</u> | <u>MARYLAND</u> | <u>DELAWARE</u> |
|---------------|-----------------|-----------------|
| FHWA | \$0 | \$7,492 |
| FTA | \$0 | \$197 |
| DOT | \$0 | \$961 |
| Local | \$0 | \$961 |
| TOTAL | \$0 | \$9,611 |

Completion Date: To be determined.
